## EDUCATION

### NCC Pathway

- Level 3 Diploma in Computing  
2023 - 2024
  - Level 4 Diploma in Computing  
2024 - Present
- 
- Google IT Support (Coursera)  
2025 - Present

## SKILLS

### Technical

- Linux command-line
- OS trouble-shootings
- Python, Bash scripting
- Figma
- Content Creation

### General

- Presentation
- Creative thinking
- Problem solving
- Team player
- Documenting
- Active learner
- Researcher
- Communicative
- Personal grooming/ethics
- Time management
- Long-term Prioritized
- Details focused

## LANGUAGES

- Formal English (Frequent)
- Burmese (Native)

## ABOUT ME

### Profile

I am 17-year-old and a 1<sup>st</sup> year Computer Science student currently pursuing an NCC Diploma in Computing (UK). I'm particularly focused on learning the computing principles and defensive security, with the goal of helping organizations protect against cyber incidents.

Experienced in using Linux as a daily driver and building home-lab environments to practice the fundamentals. Actively self-learning through platforms (HackTheBox and Coursera) to apply real-world concepts in practical and solving CTF challenges.

### Future Goals

Committed to advancing my academic studies through the NCC education pathway progressing into **higher-level cybersecurity specialization**. Alongside, I plan to pursue **CCNA** certification and other relevant courses for industry-standard skills.

Aspiring to begin my career as a **Junior SOC Analyst**, learning new concepts with experienced people, and contributing through collaborative work while also educating the community of learners as I continue to grow professionally.

## CERTIFICATIONS

- Level 3 Diploma in Computing (NCC Education | UK)
- Python for Data Science, AI & Development (IBM)
- Mathematics for Computer Science (University of London)
- Introduction to Linux (LFS101)
